Paragraph Count:

## **1.0 Purpose**

The intention of this solicitation is to obtain custodial services for The Federal Aviation Administration Miami Air Route Traffic Control Center (ARTCC) Tailwinds Childcare Facility 7500 NW 58<sup>th</sup> Street, Miami, FL 33166 by means of a firm fixed-price contract.

## **1.1 General Requirements**

The Contractor shall provide all labor, supplies, supervision, tools, materials, equipment, and transportation necessary to provide custodial services in accordance with this specification. Custodial service applies to all designated spaces including, but not limited to, halls, restrooms, offices, classroom areas, patio areas, playground areas, entrance ways, lobbies, kitchen and storage areas. Publications applicable to this specification are listed in Attachments 1 and 2 (Frequency schedule/NAEYC cleaning standards)

## **2.0 NAEYC Standards**

The Contractor shall comply with cleaning standards of National Association of the Education of Young Children (NAEYC). These standards are included in Attachment 1. Additionally, these standards incorporate cleaning standards in the event of a pandemic status which incorporate CDC guidelines for a childcare facility. NAEYC accreditation is required of the Childcare by the FAA.

## **3.0 Requirements**

### **3.1 Management**

The Contractor shall manage the total work effort associated with the custodial services required herein to assure fully adequate and timely completion of these services. Included in this function will be a full range of management duties including, but not limited to, planning, scheduling, coordination of periodic work (non-daily) and quality control. The Contractor shall provide an adequate staff of personnel with the necessary management expertise to assure the performance of the work in accordance with sound and efficient management practices. The Contractor shall maintain an adequate workforce to complete work in accordance with the time and quality standards specified herein.

#### **3.1.1 Work Control**

The Contractor shall implement all necessary work control procedures to ensure timely accomplishment of work requirements, as well as to permit tracking of work in progress. The Contractor shall plan and schedule work to assure material, labor, and equipment are available to complete work requirements within the specified time limits and in conformance with the quality standards established herein.

#### **3.1.2 Work Schedule**

The Contractor's initial work schedule shall indicate the hours of the day that twice weekly or more frequent services will be performed and the day of the week that weekly or less frequent services will be

performed. The schedule shall list the type of work to be performed, the areas to be worked, and the estimated time to complete the work in each area. When scheduled services performed twice weekly or less frequently fall on a holiday, alternate dates shall be specified. The initial work schedule shall be submitted to the Contracting Officer for approval within 15 days after award. Once approved, all work shall be performed in strict compliance with the work schedule to facilitate the Government's inspection of the work. Changes to the work schedule shall be submitted for the Contracting Officer's approval at least three working days prior to performance. In preparing the work schedule, the Contractor shall comply with the following general requirements:

(1) Specified in Section 5.0 DEFINITIONS item (n), all firm fixed-price work shall be performed during the Government's Childcare Facility regular working hours, as specified in the "DEFINITIONS-TECHNICAL" clause. #### **3.1.3 Interference with Government Business**

The Contractor shall schedule and arrange work so as to cause the least interference with the normal occurrence of Government business and mission. In those cases where some interference may be essentially unavoidable, the Contractor shall be responsible to make every effort to minimize the impact of the interference, inconvenience, customer discomfort, etc.

#### **3.1.4 Protection of Government Property**

During execution of the work, the Contractor shall take special care to protect Government property including furniture, walls, baseboards, and other surfaces from materials not intended. Accidental splashes shall be removed immediately. The Contractor shall return areas damaged as a result of work under this contract to their original condition, to include painting, refinishing, or replacement, if necessary.

#### **3.2 Custodial Services Requirements**

The Contractor shall provide the custodial services described herein. Custodial services requirements are divided into two groups: basic services, service calls, and project work requirements. An inventory and description of the areas to receive custodial services is included in Attachments 1 and 2.

### **3.2.1 Basic Services**

Basic services shall be performed at the locations and frequencies shown in Attachments 1 and Attachment 2 NAEYC and shall consist of the services listed for the specified spaces. Furniture or other equipment (including waste containers) moved while performing basic services shall be returned to their original position. All basic services will be paid for under the firm fixed-price portion of the contract. Performance requirements for these services include the following:

#### **3.2.1.1 Space Cleaning**

Space cleaning shall consist of the following services each time a space is cleaned.

(a) Sweeping/Dust Mopping.

(b) Vacuuming Carpets and Rugs. Carpeted areas and rugs shall be vacuumed free of all loose soil and debris.

(c) Emptying Waste Containers. All waste containers shall be emptied and plastic liners replaced. Any plastic liner with food wastes, diaper wastes or that is soiled or leaking shall be replaced with a new plastic liner. Waste containers shall be washed (**see Frequency Table**) inside and outside utilizing a disinfectant and shall be free of odors. After washing, containers shall be wiped dry and new plastic liners installed. Boxes, cans, bottles, and other items placed adjacent to waste containers and marked "TRASH" shall also be removed and disposed of. All waste collected shall be disposed of in the nearest outside trash collection point. Waste that falls on the floor and outside grounds during the waste removal shall be picked up and disposed of by the Contractor.

(d) Low Dusting/Cleaning. All furniture, partitions, radiators, equipment, hand railings in stairways, grills, horizontal ledges, fire extinguishers, wall frames and sills shall be dusted. Walls, doors, and partitions shall be wiped clean (including glass in partitions and doors) to a height of 7'-0" above the floor level. Chalk boards, chalk trays, and erasers shall be cleaned. Diaper changing stations. Corridor, lobby, and entrance walls and doors shall be cleaned. Miscellaneous hardware, i.e. door knobs, cabinet handles and bright metal work shall be wiped clean. Drinking fountains, classroom sinks and counters shall be cleaned and disinfected. All surfaces of drinking fountains shall be free of stains, smudges, and scale.

(e) Cleaning Walk-off Mats. Each time floors are swept/dust mopped or vacuumed, walk-off mats in that area shall be cleaned. Soil and moisture underneath mats shall be removed and the floor shall be cleaned as appropriate along with the rest of the floor. The mats shall be returned to their original locations afterwards. The Contractor shall report, in writing to the Contracting Officer, all walk-off mats that are worn out to the point of being ineffective.

### **3.2.1.2 Floor Care**

Floor care shall be performed in the spaces as shown on the "Schedule of Services" in Attachments 1 and 2, and shall consist of the following services.

(a) Damp Mopping. Prior to damp mopping, floors shall be swept/dust mopped. Floors, except for high pressure plastic laminate (HPL), shall be damp mopped with an approved cleaning solution to remove dirt, streaks, smears, and stains. These cleaning solutions shall be changed in between room cleaning, i.e. mop water. HPL on metal panel floor systems shall be cleaned with damp mop (wrung out to make as dry as possible) using water only (no soap or additives). Do not scrub the floor. Remove all remaining dirt, stains, etc. with cleaner sparsely applied to a cloth used for localized rubbing. Remove all cleaner residues from the floor surface.

(b) Spray Cleaning and Buffing. Prior to spray cleaning and buffing, floors shall be damp mopped as specified above. Floors shall be spray cleaned and buffed to remove traffic marks, heavy soil, etc. The material used for spray cleaning and buffing shall contain a blend of detergents and polymers to emulsify surface soil and repair traffic areas. If loose residue is produced by buffing, it shall be removed in a manner that will leave the floor clean without destroying the high gloss produced by buffing. When completed, a spray cleaned and buffed floor shall have a uniform, high-gloss finish, free of scuff and heel marks. The floor finish shall be uniform from wall to wall, including corners.

(c) Waxing and Buffing. In the event that spray cleaning and buffing is not sufficient to maintain a uniform high-gloss finish, floors shall be completely waxed and buffed. The Contractor shall use a liquid wax system containing not less than 18% solids. The floors shall be damp mopped as specified above immediately prior to application of wax. Floors shall be buffed, if required, to a uniform gloss finish free from dirt, traffic marks, and stains.

### **3.2.1.3 Restroom Services**

Restroom services shall consist of the following each time services are performed.

(a) Cleaning Restrooms. Restroom fixtures, including water closets, urinals, lavatories, and sinks shall be washed inside and outside utilizing a disinfectant, and shall be free of stains and odors. Pumice sticks and an approved toilet bowl cleaner shall be used to remove stains from urinals and water closets. Brushes, sponges, and cloths that have been used to clean any other part of the restroom (including water closets, urinals, walls, floors, and partitions) shall not be used to clean lavatories or sinks. Floors shall be swept/dust mopped free of dirt and mopped with a disinfectant. Floor drains shall be cleaned and flushed with a disinfectant. Wainscoting, partitions, walls, and doors shall be cleaned free of dirt, stains, and graffiti. Mirrors shall be cleaned and polished. All metal fixtures and hardware shall be cleaned. Waste containers shall be emptied, disinfected, and plastic liners

replaced. If present, shower stall rooms and locker/dressing rooms shall be considered part of the restrooms, and cleaned accordingly.

(b) Servicing Restrooms. Servicing restrooms shall include inspecting, replenishing, and cleaning supply dispensers. Restroom supplies shall include, but are not limited to, paper towels, toilet tissue, and soap according to NAEYC standards. The Contractor shall stock restrooms with sufficient supplies to insure that the supplies will last until the next scheduled service. If dispensers become empty before the next scheduled servicing, the Contractor shall replenish them at no additional cost to the Government.

#### **3.2.1.4 Other Services**

(a) Relamping. Relamping services shall be provided for all light fixtures in the buildings/spaces covered by the contract, including emergency, exit, and exterior lights attached to the building. The work shall include inspecting each building/space included in this contract **as required**, and replacing all burned out and blinking fluorescent tubes and incandescent bulbs. The fluorescent tubes and incandescent light bulbs replaced shall be of the same type, wattage, and voltage as those removed. Contractor personnel handling and replacing fluorescent tubes shall be qualified in accordance with local regulations.

(b) Policing Grounds and Playground. Paper, bottles, cans, debris, dead insects/animals or animal excrement and all other trash and refuse shall be removed from all grounds, sidewalks, and interior courts within **the facility grounds prior to 8am daily**. All removed items shall be deposited in the nearest waste container.

(c) Removing Hurricane debris. Hurricane debris of minimal weight and size shall be removed from those building walks and entrances so that these areas are clean and safe for pedestrian traffic. The Contractor shall remove debris prior to **6:00 am**.

#### **3.2.2 Service Call Work**

Service call work for the buildings/spaces listed in Attachment 1 shall consist of providing labor and material to perform unscheduled custodial services that are brief in scope. The Government will receive service call requests from building monitors and notify the Contractor of the work required. The Contractor shall provide adequate procedures for receiving and responding to service calls during regular working hours. All services specified in this paragraph will be paid for under the firm fixed-price portion of the contract.

##### **3.2.2.1 Service Calls for Cleaning**

N/A

#### **3.2.2.2 Service Calls for Lighting**

The Contractor shall respond to service calls for replacing burned out or blinking light bulbs and tubes between scheduled relamping services. Each service call will be limited to replacement of bulbs and tubes within one building. The Contractor shall respond to service call requests for lighting within 2 hours during regular working hours.

#### **3.2.3.1 Stripping and Rewaxing Floors**

Resilient flooring shall be swept/dust mopped and stripped to remove all built-up wax and imbedded dirt prior to rewaxing. After application of wax, areas shall be buffed (if required) sufficiently for maximum gloss and uniform sheen from wall to wall, including corners. The rewaxed floor shall present a clean appearance free from scuff marks or dirt smears. Furniture or other equipment moved during floor stripping and rewaxing shall be returned to their original positions.

#### **3.2.3.2 Shampooing Carpets and Rugs**

Prior to shampooing, carpets and rugs shall be vacuumed free of all loose soil and debris. Carpets and rugs shall be shampooed free of streaks, stains, and spots, and shall have a bright uniform color. Shampooing shall be done by the water extraction method. After drying, furniture or other equipment moved for the shampooing shall be returned to their original positions.

#### **3.2.3.3 Cleaning Light Fixtures**

Globes, reflectors, covers, diffusers, and plastic side panels shall be removed and washed. After cleaning and reassembling, light fixtures shall be free of bugs, dirt, dust, grease, and other foreign matter.

#### **3.2.3.4 High Dusting/Cleaning**

High cleaning includes cleaning horizontal and vertical surfaces above 7' - 0" from floor level including all overhead piping and ceiling areas. All dust, lint, litter, and soil shall be removed from all surfaces. Walls shall be free of dirt, smudges, and markings. Ceilings are to be free of cobwebs and loose dirt. Included to this are outdoor rooms/patio space.

#### **3.2.3.5 Cleaning Exterior Glass**

The Contractor shall thoroughly clean all exterior glass surfaces, window frames, sills, and sashes, from the ground line up to and including the second floor. All glass surfaces shall be cleaned and left free of streaks and stains, and shall be wiped dry. All paint, putty, film, and foreign matter found on glass surfaces shall be removed. Where storm windows exist, exterior window cleaning shall include both sides of the storm window and the outside of the inner glass, and shall be counted as three separate surfaces for reimbursement purposes.

#### **3.2.3.6 Cleaning Interior Glass**

The Contractor shall thoroughly clean all interior glass surfaces and associated window frames, sills, and sashes. All glass surfaces shall be cleaned and left free of streaks and stains, and all adjacent surfaces wiped dry. All paint, putty, film, and foreign matter found on glass surfaces shall be removed.

#### **3.2.3.7 Cleaning Venetian Blinds**

Venetian blinds, including mini-blinds, shall be removed and cleaned free of all dust and embedded dirt and re-hung in working order. Once removed for cleaning, the blinds shall be re-hung by the Contractor within 3 working days.

#### **3.2.3.8 Service Documentation**

The Contractor shall maintain a check list for daily and weekly items in full view of the childcare building occupants with identification of the completing janitor. In the event of omissions or deficiencies the COR will be contacted with information of the omission by the childcare occupant. The monthly and quarterly services will be coordinated to the COR and the Director childcare occupant for logistical issues.

#### **4.0 Government Furnished Property and Services**

In accordance with the "GOVERNMENT FURNISHED PROPERTY " clause in Section I, the Government will provide the Contractor the option of using certain Government owned facilities, equipment, materials, and utilities for use only in connection with this contract. The use of Government furnished property and services for other purposes is prohibited. All such facilities, equipment, and materials will be provided in "as is" condition.

a. Government Furnished Facilities. The Government will furnish or make a room for storage/office space available to the Contractor. **Room adjacent to kitchen. Janitor office/storage.** The Contractor shall be responsible and accountable for such facilities accepted for use and shall take adequate precautions to prevent fire hazards, odors, rust, mold and vermin. Custodial services for Government furnished facilities shall be provided by the Contractor. The Contractor shall obtain written approval from the Contracting Officer prior to making any modifications or alterations to the facilities. Any such modifications or alterations approved by the Government will be made at the expense of the Contractor. At the completion of the contract, all facilities shall be returned to the Government in the same condition as received, except for reasonable wear and tear. The Contractor shall be held responsible for the cost of any repairs caused by negligence or abuse on his/her part, or on the part of his/her employees.

(1) The Contractor shall provide periodic servicing, maintenance, and repair of the equipment accepted for use at no cost to the Government, and the total or partial breakdown or failure of the Government furnished equipment shall not relieve the Contractor of

responsibility to fully perform the work of the contract. Upon completion or termination of the contract, all Government owned equipment shall be returned to the Government in the same condition as received, except for normal wear and tear. Equipment which becomes worn out due to normal wear and tear shall be returned to the Government and its replacement shall be the responsibility of the Contractor at no cost to the Government. Equipment so acquired shall remain the property of the Contractor. The Contractor shall be responsible for the cost of any repairs or replacement caused by negligence or abuse by the Contractor or his/her employees.

(2) The Contractor and the Contracting Officer shall conduct a joint inventory before commencing work under this contract to determine the exact number and serviceability of Government furnished equipment. The Contractor shall then certify the findings of this inventory, assume accounting responsibility, and subsequently report inventory discrepancies to the Contracting Officer. Government furnished equipment shall not be removed from the military base unless approved by the Contracting Officer in writing.

a. Government Furnished Equipment. The Contractor shall furnish all tools and equipment required for the performance of this contract. The Government will not provide tools or equipment to the Contractor.

b. Government Furnished Material. The Government will not provide any materials to the Contractor.

c. Availability of Utilities. The Government will furnish the following utility services at existing outlets, for use in those facilities provided by the Government and as may be required for the work to be performed under the contract: electricity, steam, natural gas, fresh water, sewage service, and refuse collection (from existing collection points). Information concerning the location of existing outlets may be obtained from the Contracting Officer. The Contractor shall provide and maintain, at his/her expense, the necessary service lines from existing Government outlets to the site of work.

(1) Utilities specified above will be furnished at no cost to the Contractor.

(2) A restricted telephone line (USOC Class RS4) for on base calls will be provided by the Government at no cost to the Contractor. The Contractor shall install commercial telephone service, and all service and toll charges shall be paid for by the Contractor.

#### **4.1 Contractor Furnished Items**

Except for items listed in paragraph 4.0, the Contractor shall provide all facilities, equipment, materials, supplies, and services to perform the requirements of this contract. Material, equipment, and supplies provided shall meet the requirements specified in Attachment 1 and 2. Items not listed in Attachment 1 and 2 or technical specifications shall be of acceptable commercial grade and quality.

## 5.0 Definitions

As used throughout this contract, the following terms shall have the meaning set forth below. Additional definitions are in the "DEFINITIONS" clause in Section I.

**6.0 National Association for the Education of Young Children (NAEYC)**  
**Cleaning and Sanitization Frequency**

Use the guidelines in this chart to determine which surfaces should be cleaned and how frequently they should be cleaned. **Clean** means to remove visible soil by using a product suitable for the surface being cleaned. **Sanitize** means to kill germs by using a disinfectant cleaner, chlorine bleach or other disinfectant and air drying or wiping off with a clean paper towel. Clean immediately:

(1) If a surface is contaminated with body fluids: saliva, mucus, vomit, urine or stools. Use a multipurpose cleaner, then a disinfectant, or use a disinfectant cleaner and air dry.

(2) If a surface is contaminated by blood, wear disposable gloves. Clean the surface with a multi-purpose cleaner, then disinfectant and air dry.
